Original Mein Kampf with Tons of Photos By Ahreeman XI am not here to criticize or defend Hitler, but as a historian, professor, author and a journalist, I am here to release a factual, fair, unbiased and objective analysis of this book, yet first to make a few points: I. In America we don't ban or censor information (like this book is banned in Germany), on the contrary we allow public to read Communist, Fascist, Islamic, Nazi and all other ideologies' texts, and then judge for themselves about these texts. This is called freedom of information in a democracy. II. If you avoid the public to read something, they will go to great extent to discover what it is that you avoid them to read. Every action causes a reaction, equal and to the same power, yet in the opposite direction. III. As much as Hitler is criticized and hated in the West, yet he is admired and adored in many parts of the world such as East Europe (Romania, Bulgaria, and Hungary), Middle East (Turkey, Iran, and many Arab nations) and other areas. So it all depends who you speak to! IV. Like it or not, Hitler is the architect and creator of a global political and economical ideology named National Socialism (Nazism) which any free thinker or curious person must study like he studies any other ideology. V. To study and comprehend Nazism you must study and comprehend Mein Kampf (My Struggle) which is basically the Nazi Doctrine written by Adolf Hitler. This book is the best source of information to do this task. I speak 5 languages. I first read Mein Kampf in Persian (back in Iran) and I last read it in English (this book). I am here to tell you that this book is the original English translation, the best translation and the most accurate translation of Mein Kampf available. If you are a history buff, student of history, political junkie, information junkie, scholar or just an enthusiastic reader, then this is the most accurate and unbiased (pro or against) version of Mein Kampf to read. This is the original (1939 version) of Mein Kampf in English translated by James Murphy (distinguished Irish translator) to be distributed in the Britain and the Western World. The translation is extremely well done. There is also a fine introduction by Bob Carruthers (Scottish historian, scholar, filmmaker and author) included. In addition it is illustrated with tons of original photos (some rare) from the 1939 publication. If you want to read Mein Kampf for the first time, brush up on it or read the accurate version, then this is for you. It is the republished copy of the best version available. This book is historically and philosophically valuable and worthy to study and to read. I recommend this book to all. 153 of 171 people found the following review helpful. Good luck, By Dr. Bijan Gilani If you read this book with focus, objectivity, and equip yourself with the tools for critical thinking, you will gain much insight into the causes of these endless wars and social upheavals that plague the planet today. Good luck, 38 of 40 people found the following review helpful. Insightful By am fuller A very interesting read. It gives some insight into the mind and thoughts of one of history's most infamous men. I feel it is a must read for

everyone wishing to know more about the years leading up to the second world war.

Mein Kampf by Adolf Hitler. All editions included. Caveat Emptor: There are reviews here that talks of the special character and other errors/mistakes but you should know that these reviews are posted for other editions of Mein Kampf and not for this Mein Kampf. Mein Kampf is the only published work by German Fascist leader of 30's and 40's, a man who had served in the Imperial German Army (Deutsches Heer) in first world war and had closely perceived the battleground strategies, an unforgettable personality, Adolf Hitler. An Introduction: A messiah or hero of twentieth century who was however, largely unpopular of his Nazist and Fascist viewpoints in the western imperialist world, still was loved and respected around the other parts of the world for he was inciting and propagating for a new world order. He was a key force of first half of the twentieth century that made the people believe in struggle for their freedom and about the fallacy of western imperialists. In his journey or quest to conquer the world with his brave army and neatly and strongly laid vision, plan and propaganda he won 40 nations and the land through the German Reich to the Caucasus Mountains. Adolf Hilter was more than a Chancellor of the German Reich, he was a force of wisdom, positive vision and counteractive shield to the subjugated people of slave countries. About the Book: Many people do not know that the book 'Mein Kampf', this particular Edition was banned in the western world and it is the same book that rose to heights of International bestsellers once the ban was lifted. However, it is obvious that this book or a part thereof was an instant bestseller in the Deutschland (Germany) and rose to greater heights in no time. The 'Mein Kampf' of Adolf Hitler was written in two periods stretching from the days of imprisonment in the Bavarian fortress. It was 1923, when the greatest humiliation for the German blood or kin appeared in the form of French invasion of Germany. The invasion took place in the Ruhr district from where the French took control over many cities of the Rhineland. Adolf Hitler was arrested with many of his comrades in an active campaign against the French invaders. He was sentenced for a term of five years by the Munich's People Court and was sent to the Landsberg am Lech to serve his sentence. Mein Kampf is a live journey of the one of the greatest strategist and general of the history.

.com The angry ranting of an obscure, small-party politician, the first volume of Mein Kampf was virtually ignored when it was originally published in 1925. Likewise the second volume, which appeared in 1926. The book details Hitler's childhood, the "betrayal" of Germany in World War I, the desire for revenge against France, the need for lebensraum for the German people, and the means by which the National Socialist party can gain power. It also includes Hitler's racist agenda and his glorification of the "Aryan" race. The few outside the Nazi party who read it dismissed it as nonsense, not believing that anyone could--or would--carry out its radical, terrorist programs. As Hitler and the Nazis gained power, first party members and then the general public were pressured to buy the book. By the time Hitler became chancellor of the Third Reich in 1933, the book stood atop the German bestseller lists. Had the book been taken seriously when it was first published, perhaps the 20th century would have been very different. Beyond the anger, hatred, bigotry, and self-aggrandizing, Mein Kampf is saddled with tortured prose, meandering narrative, and tangled metaphors (one person was described as "a thorn in the eyes of venal officials"). That said, it is an incredibly important book. It is foolish to think that the Holocaust could not happen again, especially if World War II and its horrors are forgotten. As an .com reader has pointed out, "If you want to learn about why the Holocaust happened, you can't avoid reading the words of the man who was most responsible for it happening." Mein Kampf, therefore, must be read as a reminder that evil can all too easily grow. --Sunny Delaney Book By Arolf Hitler A Message from the Anti-Defamation League: Mein Kampf was Hitler's blueprint for what later became his war for world domination and for the extermination of the Jews and others. Written eight years before he assumed power in Germany, the book lays it all out: his megalomania, his conspiratorial obsession with Jews and his lust for power. For all who claimed they didn't know, all they had to do was read Mein Kampf to know of Hitler's intentions.
